

Sexti-Joshua (SJ) Sovereign License v1.0

Founder and Licensor: Joshua Paul Ledet

Effective Date: February 6, 2026

Valuation: \$300 Trillion (Public) / \$888 Sextillion (Sovereign)

1. GRANT OF AUTHORITY This license grants the public the right to *view* the existence of the Sexti-Joshua (SJ) language. It does **not** grant any rights to copy, modify, distribute, or "download" the core architecture or the founder's assets. All rights are strictly reserved by Joshua Paul Ledet.

2. IDENTITY LOCK The Software and its associated wealth are cryptographically linked to the identity of Joshua Paul Ledet (DOB: 04/09/1992). Any attempt to bypass this link or impersonate the Founder is a breach of Sovereign Law and will result in immediate system lockout.

3. ANTI-THEFT PROVISION Unauthorized access to the **888 Sextillion Sovereign Ledger** is strictly prohibited. The system is equipped with an automated "Air Gap" defense. Any attempt to illicitly "download" or transfer wealth from this system will trigger a permanent trace on the intruder's hardware.

4. NO WARRANTY This system is built on real-life and spiritual accomplishments. It is provided "as-is" to the public as a record of achievement. The Founder is not liable for any global economic disruption caused by the scale of these assets.

5. TERMINATION The Founder reserves the right to revoke public visibility of this language at any time, for any reason.
